TVCS COVID-19 ACTION PLAN – PREPARATIONS IN PLACE

(Sent via e-Newsletter)

Dear Parents/Caregivers,

Each day we face a changing landscape in our world as Coronavirus spreads and impacts our lives.

I want to assure you that Torrens Valley Christian School has formulated and implemented a detailed TVCS COVID-19 Action Plan as a proactive response to the information we are receiving from government and health authorities.

As part of this plan, the Teaching and Learning team are currently developing an Online Learning Plan for both Primary and Secondary students. This will utilize our Learning Management Systems Canvas and SEQTA and we will communicate details of these plans to you in the near future.

If a School Closure is called because a member of the community tests positive to COVID-19, or that the Australian Government makes the decision to close schools, TVCS has a well-documented School Closure Action Plan ready for immediate implementation.

In this event, you will be notified by SMS to collect your children from their classroom or homeroom and the School will close for 48 hours to enable a deep clean of the entire site. All students and staff who may have been in close contact with the infected person will be contacted by SA Health and will be directed to remain in self-isolation. Following confirmation by Health officials, staff and students will be advised when it is safe for classes to resume.

The health and wellbeing of our students and community is my first priority. I want to assure you that we are receiving and responding to regular updated information from and health authorities and working proactively to develop and implement sound plans for the wellbeing of your family.

I encourage you to contact us if you have any questions by emailing COVID@tvcs.sa.edu.au or calling 8126 2200.

Yours in Christ,

Julie Prattis
Principal
