

Across this week, and for the first time ever, Camp Australia hosted virtual information sessions to give newly enrolled families information about how Outside School Hours Care can support their family.

The sessions have been very well received with over 130 families attending 6 sessions this week. The sessions were interactive, and families have been appreciative of being able to have their questions answered regarding OSHC – including the programs that we offer, registration, booking, billing, Child Care Subsidy and more.

The virtual information sessions will continue next week with a further 6 sessions scheduled across the nation. If you haven't done so already, we would appreciate if you could promote this to your newly enrolled families, as these sessions conclude next week on Friday, 4th December. Please click [here](#) for more information on how your families can register free into these sessions.

If you have any questions, please don't hesitate to reach out to me at kyiesha.wagland@campaustralia.com.au or 0401 609 963.

Kind regards,
